RE: Project No. 38578 – Energy Efficiency Stakeholder Working Group Agendas, Presentations, and Recording Information

The first week of the Energy Efficiency Stakeholder Working Groups provided helpful feedback and insight. The presentations and recordings for the first sessions of the four stakeholder working groups are located at: [TX EE Working Groups](#). If you need access to this site, please contact the Commission's evaluation, measurement, and verification contractor, Tetra Tech facilitators lark.lee@tetrattech.com or tina.yoder@tetrattech.com. Presentations and recordings will be posted biweekly as working groups are held. The working group agendas are at the end of this email.

The next Energy Efficiency Implementation Project (EEIP) meeting will be held Tuesday, March 28, 2023, from 9 am to 4 pm. The EEIP meeting will include an overview of utility program plans and a presentation from the Texas Property Assessed Clean Energy (PACE) program in the morning, followed by the Energy Efficiency Stakeholder Working Groups' progress updates in the afternoon.
