RE: Project No. 38578 – Energy Efficiency Implementation Project – Request for Comments

Many thanks to all of you that were able to attend or listen to the Energy Efficiency Implementation Project (EEIP) meeting held Tuesday, March 28, 2023. Presentations were sent to the EEIP listserv last week and are filed in this project.

A summary of the Energy Efficiency Stakeholder Working Groups, which were formed to gather ideas to improve the utilities' energy efficiency programs, was presented in the afternoon session. Comments on the issues identified by the groups should be filed in Project No. 38578 no later than April 20, 2023.

Each year Commission staff solicits updates to the Texas Technical Reference Manual (TRM) for the next program year. Suggestions for updates to the TRM are due by May 1, 2023. Please email your suggestions to: therese.harris@puc.texas.gov, lark.lee@tetrattech.com, and tina.yoder@tetrattech.com.
