High voltage electric lines are NOT SAFE FOR HUMANS & live stock,  
they interfere with electronic equipment and communications,  
lower property values. The Greenbelt is for nature!

I live very close to the proposed lines. I am a Stage 4 Lymphoma survivor! These lines will surely be detrimental to my health much less all the children and animals! The Green belt was donated as a nature area. High voltage lines are very damaging to anything alive. Cancer is 5 times more prevalent in these areas.

- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. \_\_\_\_\_

No. 1 These Lines should not go next to the Green Belt Wildlife Area or cross it. #2. I do not want the lines close to my property because of the negative impact on our property values. These lines would make a major impact on our small properties value.

- 1) We need to keep our Greenbelt safe!
- 2) My family is self employed and our entire retirement is tied up with the value of our land - so we'll be ruined if this goes by ~~our~~ land. We are too old to start again (52 + 58 yrs old).
