Staff-1-1 Do you have a habitable structure, as defined by P.U.C. SUBST. R. 25.101(a)(3), near one or more of the segments of the proposed transmission line? If so, describe the structure, identify the segment(s) and estimate how far the segments are from the habitable structure. P.U.C. SUBST. R. 25.101(a)(3) defines "habitable structures" as follows: "Structures normally inhabited by humans or intended to be inhabited by humans on a daily or regular basis. Habitable structures include, but are not limited to, single-family and multi-family dwellings and related structures, mobile homes, apartment buildings, commercial structures, industrial structures, business structures, churches, hospitals, nursing homes, and schools."

Answer: My single family dwelling is approximately 3750 feet to the nearest proposed Z8 structure.

Staff-1-2 Does one or more of the segments of the proposed transmission line cross your property? If so, identify the segments and any features including but not limited to a property line, pipeline, power line or road that the segments follow through your property.

Answer: No

Staff-1-3 Do any existing transmission or distribution lines cross your property? If so, please describe how and where they cross your property.

Answer: No

Staff-1-4 Are any existing transmission or distribution lines visible from your property? If so, please describe from where the lines are visible, approximately how far away the lines are located and how the current lines affect your property, if at all.

Answer: Distribution lines are visible to the west/northwest to the City of Denton from west boundary of my property, across the Greenbelt and approximately 3750 feet to the northwest to the closest lines except where trees block the view.

Staff-1-5 Do you currently have any windmills located on your property? If so, please describe the location of the windmills and how many are located on your property.

Answer: No

Staff-1-6 Are you aware of any directly affected landowner that did not receive notice of the proposed transmission line project from Oncor? If so, please identify the landowner and describe as best possible the location of the property affected. A directly affected landowner is any landowner from which Oncor would need to obtain an easement or other property interest if it built the transmission line using one or more of the segments of the proposed transmission line, or whose land contains a habitable structure that is within 500 feet of the centerline of one or more of the segments of the proposed transmission line.

Answer: No

Staff-1-7 Have you discussed any modifications to the proposed transmission line route on your property with a representative of Oncor? If so, what were the modifications to the proposed route that you suggested and what was the response of Oncor?

Answer: No

Staff-1-8 What are your specific concerns about the proposed transmission line?

Answer: My specific concerns are but not limited to; the impact to my view from my property, the impact to my neighbor's views, the impact to the intended use of all properties in my neighborhood, the impact to our community values and the damage to the Greenbelt for its intended use.

Staff-1-9 Did you attend any open houses presented by Oncor concerning this proposed transmission line? If so, when and where? Did you provide written comments to Oncor at or after the open house? If so, please provide them.

Answer: No. due to that the information displayed in Oncor's notice in the Denton Record-Chronicle in June 2010, Link Z8 is not shown; therefore I did not anticipate I was an impacted party.

Staff-1-10 Are your property boundaries for the property you own represented accurately on the maps provided by Oncor in its Application at Attachment No. 5? If not, please explain any discrepancies and provide a modified Oncor map or drawing to indicate the discrepancies.

Answer: Yes

Staff-1-11 What is the primary use for your property and, in your opinion, will this use be impacted by the proposed transmission line?

Answer: primary purpose – Residential. I believe that the impact will be visual due to the size of the proposed towers and that the environmental damage of wildlife habitat which is valuable to my choice of property.

Staff-1-12 In your opinion, is there any feature about your land that you believe should be considered when routing a transmission line on your property? If so, please explain.

Answer: Since the major feature of my property is the view of the Greenbelt and the lake, the proposed route will interfere with it.

Staff-1-13 Please identify all persons with an ownership interest in your property.

Answer: Frank A. Pagano, Jr, Mary T. Pagano

Staff-1-14 If the transmission line is routed on your property, please identify specifically the location that you would prefer for the right-of-way of the line. Use a map to show the location.

Answer: Proposed route is not on my property.
