Two Houses + Garage one 300 Ft
and the other a little less than 500 Ft.
They have adults and 2 small children

STAFF 1-2

Yes on the northern border of property.
It would W 1 on figure 2.

STAFF 1-3

They are on the southern boundary
and are only distribution line.

STAFF 1-4

Distribution line is on south property
line about $\frac{1}{4}$ mile.

STAFF-1-5

No.

STAFF-1-6

No.

STAFF-1-7

No.

FULLER, JAMES C. JR.

1878

STAFF-1-8

Health concerns of the small children
and the value of my land.

STAFF-1-9

No.. They were not brought to
my attention until it was over.

STAFF-1-10

It is very hard to tell where
the line will cross.

Staff-1-11

The main property use is for living
on, but we run cattle. My children
will probably have to move out of the
house they just built 5 yrs ago.

STAFF-1-12

We have had the land for almost
50 yrs. and planned on passing it
on to the children.

~~George E. Light IV & Audrey Light~~
~~Ben Light~~

STAFF-1-14

There is no good location for a line on my land. It is a very narrow strip.

STAFF RFA-1-1

I admit that I own and reside in a habitable structure.

STAFF RFA-12

I can not be exact on the boundary for the map is not that exact, but from all the information I can draw from it appears so.

SOAH DOCKET NO. 473-11-0072**PUC DOCKET NO. 38597****COMMISSION STAFF'S FIRST SET OF REQUESTS FOR INFORMATION
TO INTERVENORS**

- Staff-1-1** Do you have a habitable structure, as defined by P.U.C. SUBST. R. 25.101(a)(3), near one or more of the segments of the proposed transmission line? If so, describe the structure, identify the segment(s) and estimate how far the segments are from the habitable structure. P.U.C. SUBST. R. 25.101(a)(3) defines "habitable structures" as follows: "Structures normally inhabited by humans or intended to be inhabited by humans on a daily or regular basis. Habitable structures include, but are not limited to, single-family and multi-family dwellings and related structures, mobile homes, apartment buildings, commercial structures, industrial structures, business structures, churches, hospitals, nursing homes, and schools."
- Staff-1-2** Does one or more of the segments of the proposed transmission line cross your property? If so, identify the segments and any features including but not limited to a property line, pipeline, power line or road that the segments follow through your property.
- Staff-1-3** Do any existing transmission or distribution lines cross your property? If so, please describe how and where they cross your property.
- Staff-1-4** Are any existing transmission or distribution lines visible from your property? If so, please describe from where the lines are visible, approximately how far away the lines are located and how the current lines affect your property, if at all.
- Staff-1-5** Do you currently have any windmills located on your property? If so, please describe the location of the windmills and how many are located on your property.
- Staff-1-6** Are you aware of any directly affected landowner that did not receive notice of the proposed transmission line project from Oncor? If so, please identify the landowner and describe as best possible the location of the property affected. A directly affected landowner is any landowner from which Oncor would need to obtain an easement or other property interest if it built the transmission line using one or more of the segments of the proposed transmission line, or whose land contains a habitable structure that is within 500 feet of the centerline of one or more of the segments of the proposed transmission line.
- Staff-1-7** Have you discussed any modifications to the proposed transmission line route on your property with a representative of Oncor? If so, what were the modifications to the proposed route that you suggested and what was the response of Oncor?
- Staff-1-8** What are your specific concerns about the proposed transmission line?

Staff-1-9 Did you attend any open houses presented by Oncor concerning this proposed transmission line? If so, when and where? Did you provide written comments to Oncor at or after the open house? If so, please provide them.

Staff-1-10 Are your property boundaries for the property you own represented accurately on the maps provided by Oncor in its Application at Attachment No. 5?¹ If not, please explain any discrepancies and provide a modified Oncor map or drawing to indicate the discrepancies.

Staff-1-11 What is the primary use for your property and, in your opinion, will this use be impacted by the proposed transmission line?

Staff-1-12 In your opinion, is there any feature about your land that you believe should be considered when routing a transmission line on your property? If so, please explain.

Staff-1-13 Please identify all persons with an ownership interest in your property.

Staff-1-14 If the transmission line is routed on your property, please identify specifically the location that you would prefer for the right-of-way of the line. Use a map to show the location.
