I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☒ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. \_\_\_\_\_

My land has irrigation with Pirst on it. This would make loss of value to land. There have been instances that have been recorded of humans & livestock being "shocked" from the static electricity.

We will protect our property & land  
I would be a party to this case if the line came across my property  
My comments would be evidence if the line came across my land
