REQUEST:

Please provide copies of invoices for D&O insurance premiums included in the Company's requested cost of service. Indicate which invoices are directly paid by Oncor and which invoices are allocated to Oncor.

RESPONSE:

The following response was prepared by or under the direct supervision of R. Keith Pruett, the sponsoring witness for this response.

All D&O insurance premiums were paid by Energy Future Holdings Corp. (EFH Corp) and allocated to the affiliates for the policy period ending October 10, 2009. For the policy period ending October 10, 2010, EFH Corp paid the majority of the D&O premiums with Oncor directly paying for two policies. See Oncor's response to PUC RFI Set No. 1, Question No. AG 1-34 filed in this docket for copies of the D&O invoices.

REQUEST:

Please identify any lawsuits or claims filed since 2008 where D&O insurance could have been called upon to pay some or all of the claims had it been found to be meritorious.

RESPONSE:

The following response was prepared by or under the direct supervision of R. Keith Pruett, the sponsoring witness for this response.

There have been no lawsuits or claims filed since 2008 where D&O insurance could have been called upon to pay some or all of the claims.

REQUEST:

Does the Company's requested cost of service include amounts for executive perquisites such as financial planning and tax gross-ups? If so, please provide an explanation of the types of perquisites included, a copy of the Company's policies regarding the payment of such perquisites, and the amount of such payments included in cost of service by FERC account. Indicate which amounts are directly incurred by Oncor and which amounts are allocated.

RESPONSE:

The following response was prepared by or under the direct supervision of R. Keith Pruett and James A. Greer, the sponsoring witnesses for this response.

Please see Attachment 1 for a listing of executive perquisites included in the cost of service by FERC account. All amounts are directly incurred by Oncor. Please see the Company's response to PUC Staff Set No. 1, Question No. AG 1-02 for a detailed description of the Executive Financial Advisement Benefit and the Oncor Executive Annual Physical Examination Program. The Physical Fitness Club Dues benefit is memberships for the executives to the Pulse Fitness Club. Although Oncor normally excludes them from its requested cost of service, Oncor inadvertently included the spouse travel costs and entertainment costs in the Company's requested cost of service, as reflected on the attachment. Oncor will modify its requested cost of service to exclude these amounts from the below listed accounts:
