FILING CLERK

On February 24, 2011, Rio Grande Valley Sugar Growers, Inc. (RGVSG) filed a registration request to amend its power generation company registration pursuant to PUC Subst. R. §25.109 to reflect the expansion of its biomass facility with the addition of a 16MW generator. RGVSG also provided notice of updated contact information. RGVSG's power generation registration number is 20160. RGVSG used the registration form prescribed by the Commission.

After a review of the RGVSG's registration request, I have concluded that the company has satisfactorily completed the registration requirements under Subst. R. §25.109 by providing all necessary information. Therefore, I recommend that the RGVSG's amendment registration request be granted and the Commission records be updated to reflect the expansion of the generating facility and change in contact information.
