AGREED MOTION TO REVISE PROCEDURAL SCHEDULE

TO THE HONORABLE ADMINISTRATIVE LAW JUDGE:

Pursuant to an agreement among the parties to this proceeding, Entergy Texas, Inc. (ETI or the Company) submits this Agreed Motion to Revise Procedural Schedule. The parties believe that allowing for additional time to conduct settlement negotiations may encourage a settlement in this proceeding, thus negating the need for a hearing on the merits. In addition, ETI has just been made aware of a conflict that will prevent one of its witnesses from attending the hearing on the merits scheduled on August 19, 2011. The parties propose the following revised procedural schedule:

Hearing on the Merits	September 15, 2011
Briefs due	September 23, 2011
Responses due	October 3, 2011
Proposal for Decision	October 17, 2011
Exceptions due	October 24, 2011
Replies to Exceptions due	October 31, 2011

ETI and the parties need to alert the Commission to a concern regarding the proposed revised schedule. The Company believes it will be necessary for the Public Utility Commission of Texas (Commission) to consider a proposal for decision in this proceeding by the November 10, 2011 scheduled Open Meeting in order for the parties to have adequate time to review the Company's compliance filing and for the Company to have sufficient time to process the

65

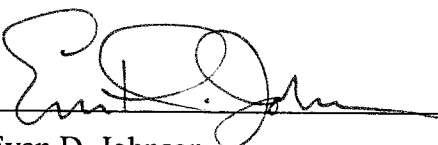

necessary tariff amendments and billing changes by the time the revised EECRF takes effect with the Company's first billing cycle for January 2012. Given the upcoming holidays in November and December, the parties and the Company are concerned that if the Company's case is not heard at the Commission's November 10 Open Meeting, the next Open Meeting of the Commission is scheduled for December 8. A December 8 Open Meeting would strain the Company's and the other parties' resources in the timely review of the approved tariff in a compliance filing and in allowing the Company sufficient time to implement the EECRF tariff by the end of this year. The Company has already agreed to extend the regulatory deadline in this proceeding beyond the 120-day deadline provided for in P.U.C. SUBST. R. 25.181(f)(10)(B), but it will agree to extend the regulatory deadline to November 10. The Company and the parties agree to endeavor to support that a proposal for decision be submitted at the November 10 Open Meeting, and the parties urge that the Commission do so.

Having expressed these concerns, ETI joins the other parties to respectfully request that the proposed revised procedural schedule outlined above be adopted in this proceeding.

Respectfully Submitted,

Paula Cyr
