The joint application has been designated Docket Number 39716. The joint application and the underlying interconnection agreement are available for public inspection at the Public Utility of Commission of Texas' ("Commission's") offices in Austin, Texas.

The Commission must act to approve the interconnection agreement within 15 days after it is submitted by the parties.

The Commission finds that additional public comment should be allowed before the Commission issues a final decision approving or rejecting the interconnection agreement. Any interested person may file written comments on the joint application by filing 3 copies of the comments with the Commission's filing clerk. Additionally, a copy of the comments should be served on each of the applicants. The comments should specifically refer to Docket Number 39716. As a part of the comments, an interested person may request that a public hearing be conducted. The comments, including any request for public hearing, shall be filed by February 27, 2009, and shall include:

- 1) a detailed statement of the person's interests in the agreement, including a description of how approval of the agreement may adversely affect those interests;
- 2) specific allegations that the agreement, or some portion thereof:
 - a) discriminates against a telecommunications carrier that is not a party to the agreement; or
 - b) is not consistent with the public interest, convenience, and necessity; or
 - c) is not consistent with other requirements of state law; and
- 3) the specific facts upon which the allegations are based.

After reviewing any comments, the Commission will issue a notice of approval, denial, or determine whether to conduct further proceedings concerning the joint application. The Commission shall have the authority give to a presiding officer pursuant to P.U.C. PROC. R. 22.202. The Commission may identify issues raised by the joint application and comments and establish a schedule for addressing those issues, including the submission of evidence by the applicants, if necessary, and briefing and oral argument.
