RE: Project No. 37897: comment deadline

The Public Utility Commission is scheduled to hold a workshop on June 22, 2011 to discuss the ERCOT report "Review of the Potential Impacts of Proposed Environmental Regulations on the ERCOT System," and the effect of the proposed regulations on reserve adequacy in ERCOT. The Commission has also requested comments from interested persons on the ERCOT report. The Commission has received a request to extend the deadline to file comments to take into account ERCOT's 2011 Capacity, Demand and Reserves Report, which will be released today. Therefore, the deadline is moved to Monday, June 13, 2011 for interested persons to file comments.
