RE: RECOMMENDATION  
Project No. 40105

*Registration Request of South Houston Green Power, LP to amend its Power  
Generation Company Registration Pursuant to P.U.C. SUBST. R. §25.109*

On January 13, 2012, South Houston Green Power, LP (SHGP) filed a request to amend its power generation company registration pursuant PUC Subst. R. §25.109 to reflect a name change from "South Houston Green Power, LP" to "South Houston Green Power, LLC." The name change is being made as part of a corporate reorganization completed on September 1, 2011. Additionally, SHGP has assumed ownership of generating facilities and equipment that formally were owned by TXC Green Power, LLC and BSPE, LP. SHGP used the registration form prescribed by the Commission.

After a review of the SHGP amendment request, I have concluded that the company has satisfactorily completed the registration requirements under Subst. R. §25.109(e) by providing all of the necessary information. Therefore, I recommend that SHGP's request to amend its power generation company registration be granted. The Commission records should be updated to reflect the company name change from "South Houston Green Power, LP" to "South Houston Green Power, LLC" and the generating facility list should be updated to include the "STG805" facility acquired from TXC Green, Power, LLC.
