Center Point Energy Provision of Service
A2767791

I have contacted Center Point Energy (CP) on 2-3-12@ 4:10pm (Leticia) and informed them that I did not want a Smart Meter (SM) installed at my residence.

Today 3-7-12 @ 1220pm a contractor from North Houston Pole Line Showed up to install a SM at my house , I told him not to install the SM. He then handed me a form that stated "if we are unable to access my electric meter, your service may be disconnected" and went on to threaten about additional fees for this.

I am aware of PUC projects # 40190 and 40199, I support both. I personally have some concerns about privacy, health, and safety issues associated with the SM. I wear a CPAP at night to help me breathe while I sleep. It is a medically necessary device that requires electricity. I am requesting that the PUC intervene on my behalf and stop the installation of a SM at my house, until these issues can be fairly/thoroughly researched by an independent firm. In addition, that Texans be allowed to "opt out" of having a SM at no additional charge. Please contact me at your earliest convenience.

Regards
Dan Brightwell
