Re. Project 40199 - Smart Meter Petition

To Chairman Nelson & PUC Commissioners

I believe there to be health, safety & privacy concerns with these meters. I am in full agreement with Devoy & John Kidd and urge you to give serious consideration to the issues they raise in their petition.

A smart meter was installed on my home without my knowledge or permission. I have submitted a notice to you that I want it removed but have not had the courtesy of your reply.

Grant a public hearing & declare a moratorium on these meters

Thank you
