EXHIBIT A

NOTICE OF RATE CHANGE REQUEST

On June 6, 2012, Brazos Electric Power Cooperative, Inc. ("Brazos Electric") filed its Application for Interim Update of Wholesale Transmission Rates pursuant to P.U.C. SUBST. R. 25.192(h)(1). Brazos Electric's Application seeks an interim adjustment to the previously approved transmission cost of service and wholesale transmission rate due to transmission investment in excess of the level currently authorized in rates. If approved, the total rate base interim increase will be \$80,450,817, with a total annual revenue requirement interim increase of \$10,069,791, and an interim wholesale transmission rate of \$1.5100989 per kilowatt. The proposed interim revenue requirement increase represents an 11.4% increase in Brazos Electric's wholesale transmission revenue requirement. Brazos Electric has requested an effective date for the interim wholesale transmission rate of July 11, 2012.

Because the Application requests a revision to Brazos Electric's wholesale transmission rate to reflect changes in its invested capital, affected customers include all distribution service providers who pay wholesale transmission charges pursuant to the Commission's Substantive Rules. A complete copy of Brazos Electric's Application is available for inspection at 2404 LaSalle Avenue, Waco, TX 76706-3928.

Persons who wish to intervene in or comment upon these proceedings should notify the Public Utility Commission of Texas as soon as possible, as a 21-day intervention deadline will be imposed pursuant to P.U.C. SUBST. R. 25.192(h)(4)(A), thus, making the intervention deadline to be June 27, 2012. A request to intervene or for further information should be made to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326 and reference Docket No. 40465. Further information may also be obtained by calling the Public Utility Commission of Texas at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136.

NOTICE OF RATE CHANGE REQUEST

On June 6, 2012, Brazos Electric Power Cooperative, Inc. ("Brazos Electric") filed its Application for Interim Update of Wholesale Transmission Rates pursuant to P.U.C. SUBST. R. 25.192(h)(1). Brazos Electric's Application seeks an interim adjustment to the previously approved transmission cost of service and wholesale transmission rate due to transmission investment in excess of the level currently authorized in rates. If approved, the total rate base interim increase will be \$80,450,817, with a total annual revenue requirement interim increase of \$10,069,791, and an interim wholesale transmission rate of \$1.5100989 per kilowatt. The proposed interim revenue requirement increase represents an 11.4% increase in Brazos Electric's wholesale transmission revenue requirement. Brazos Electric has requested an effective date for the interim wholesale transmission rate of July 11, 2012.

Because the Application requests a revision to Brazos Electric's wholesale transmission rate to reflect changes in its invested capital, affected customers include all distribution service providers who pay wholesale transmission charges pursuant to the Commission's Substantive Rules. A complete copy of Brazos Electric's Application is available for inspection at 2404 LaSalle Avenue, Waco, TX 76706-3928.

Persons who wish to intervene in or comment upon these proceedings should notify the Public Utility Commission of Texas as soon as possible, as a 21-day intervention deadline will be imposed pursuant to P.U.C.
