Re: SOAH Docket No. 473-13-0821, PUC Docket No. 40684; *Application of LCRA Transmission Services Corporation to Amend its Certificate of Convenience and Necessity for the Proposed EC Parkway to Mornhinweg 138-kV Transmission Line in Comal and Guadalupe Counties* – Status Report on Settlement

Dear Judge Summerhays and Judge Bierman:

LCRA TSC wants to provide you a status report on the Settlement in this case. As per my letter to you of April 8, the parties in this case have settled the case. Unfortunately, it is taking a little longer to circulate the Stipulation and Proposed Order, and to secure the parties' signature pages than we had originally thought. LCRA TSC believes we should be able to circulate all the documents and secure all the signature pages within a day or two, in which case we hope to have everything filed for your consideration by the end of the week. I apologize for the short delay, but trust that it will not cause you a problem. Please feel free to contact me if you have questions or if we can provide you any additional information.

Sincerely yours,

Fernando Rodriguez
