NOTICE OF RATE CHANGE REQUEST

On August 31, 2012, Electric Transmission Texas, LLC (ETT or Company) filed its Application for Interim Update of Wholesale Transmission Rates Pursuant to Substantive Rule 25.192(h)(1). ETT's Application seeks an interim adjustment to the previously-approved transmission cost of service and wholesale transmission rate due to transmission investment in excess of the level currently authorized in rates. If approved, the total transmission rate base interim increase will be \$133,078,558 with a total revenue requirement interim increase of \$17,788,001 and an interim wholesale transmission rate of \$1.694493/kW. The proposed interim revenue requirement increase represents a 19% increase in ETT's wholesale transmission revenue requirement. ETT has requested an effective date for the interim wholesale transmission rate of October 5, 2012.

Because the Application requests a revision to ETT's wholesale transmission rate to reflect changes in its invested capital, affected customers include all distribution service providers who pay wholesale transmission charges pursuant to the Public Utility Commission of Texas' (Commission) Substantive Rules.

A complete copy of ETT's Application is available for inspection at 400 W. 15th Street, Suite 1520, Austin, Texas 78701.

Persons who wish to intervene in or comment upon these proceedings should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or request for further information should be made to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326 and reference Docket No. 40713. Further information may also be obtained by calling the Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136. PUC SUBST. R. 25.192(h)(4)(A) establishes an intervention deadline of 21 days from the date service of notice is completed, which is September 21, 2012.
