PROPOSED NORTH EDINBURG  
TOLOMA ALTA DOUBLE-CIRCUIT  
345-KV TRANSMISSION LINE

STATEMENT OF POSITION

On behalf of myself, Santiago Santos Jr. and Thelma W. Santos, we strongly oppose the construction or installation of any type of electric power transmission lines, or easements for such, on our land for the following reason.

The proposed line, or Link 111 goes directly down the center of our land. This land is zoned commercial and is currently being developed according to our building program.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Santiago Santos Jr.", written in a cursive style.

Santiago Santos Jr.
