Comments in Docket No. 41606

If you want to be a PROTESTOR only, please complete this form. Although public comments are not treated as evidence, they help inform the PUC and its staff of the public concerns and identify issues to be explored. The PUC welcomes such participation in its proceedings.

Mail this completed form and 10 copies to:

I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☒ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

I never received notice that one of these lines would be running through
my property until last week when I was told by one neighbor. The proposed
route will run along the length of my narrow strip of land virtually destroying
its value. I bought this to develop since it is already next to a subdivision.

Also attached is an aerial view of the property and the proposed rout. As can be seen from this map the proposed rout, which does not follow any boundary this will destroy the purpose of my investment, which was to develop this strip next to an existing subdivision.

Estimated cost of modification: \$1,423,00
