Map Number	Structure or Feature	Approximate Distance from Centerline (ft)	Direction from Route Centerline

¹ Due to the accuracy of the aerial photography, all habitable structures within 510 feet have been identified.

² ETT and Sharyland will potentially relocate/remove habitable structures within 75 feet of the centerline.

RE: Electric Transmission Texas LLC
North Edinburg to Loma Alta Double-Circuit 345-kV Transmission Line

Dear Wade,

As you are aware, Electric Transmission Texas LLC (ETT) together with Sharyland Utilities L.P. (Sharyland) will be filing a joint application at the Public Utility Commission of Texas seeking authority to construct the above referenced transmission project. ETT and Sharyland will each own a 50% share of the project. ETT will construct the western portion of the transmission line and will connect to the AEP Texas Central Company (TCC) North Edinburg Substation.

This letter establishes the agreement and consent of ETT and TCC to the installation of the required project facilities at the TCC North Edinburg Substation. ETT and TCC will reflect the installation and interconnection of the facilities referenced above in the appropriate schedule(s) of the existing ETT-TCC interconnection agreement.

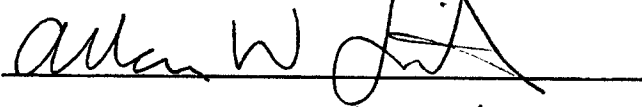

If you are in agreement with the representations made in this letter, please indicate your approval by signing below. Thank you for your assistance in this matter.

Sincerely

J. Calvin Crowder, President
Electric Transmission Texas, LLC.

Re: Electric Transmission Texas, L.L.C. and Sharyland Utilities, L.P.'s Proposed North Edinburg to Loma Alta 345 kV Transmission Line in Hidalgo and Cameron Counties, Texas

Dear Mr. Bruciak:

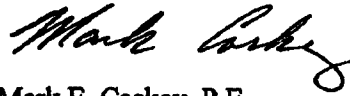

As you are aware, Electric Transmission Texas, L.L.C. ("ETT") and Sharyland Utilities, L.P. ("Sharyland") intend to file an application to amend their certificates of convenience and necessity ("CCNs") to construct a double circuit capable 345 kV transmission line from the AEP Texas Central Company ("AEP TCC") North Edinburg substation in Hidalgo County to the Brownsville Public Utilities Board ("BPUB") Loma Alta substation in Cameron County, routed in the vicinity of the AEP TCC South McAllen substation (collectively, "the Project").

The purpose of this letter is to provide documentation to the Public Utility Commission of Texas ("Commission"), in response to Question No. 11 of the Commission's CCN Application Form, showing that BPUB has agreed to the installation of the required Project facilities at the Loma Alta substation, including the construction of new 345 kV bus facilities adjacent to the BPUB Loma Alta substation with 345/138 kV autotransformation equipment. The parties' intentions regarding the matter are as follows:

- BPUB agrees and consents to the installation of the required Project facilities to interconnect to BPUB's Loma Alta substation.
- BPUB and Sharyland intend to execute an interconnection agreement for transmission service to address the Loma Alta point of interconnection.
- Sharyland will perform the engineering, design, procurement, and construction of its portion of the 345 kV transmission line from the North Edinburg substation to the Loma Alta substation, including the costs of interconnection and the construction of new 345 kV bus facilities adjacent to the BPUB Loma Alta substation with the necessary 345/138 kV autotransformation equipment.

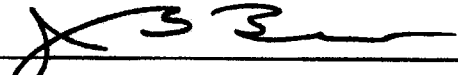

If this accurately reflects your understanding of the parties' intentions regarding the Project, please indicate by your agreement below.

Sincerely,

Mark E. Caskey, P.E.
Senior Vice President
Sharyland Utilities, L.P.
