Comments in Docket No. 41606

If you want to be a PROTESTOR only, please complete this form. Although public comments are not treated as evidence, they help inform the PUC and its staff of the public concerns and identify issues to be explored. The PUC welcomes such participation in its proceedings.

Mail this completed form and 10 copies to:

I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

Please check one of the following:

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☒ One or more of the utility's proposed routes would cross my property.
- ☐ Other. Please describe and provide comments. You may attach a separate page, if necessary. ____

note:

According to the satellite map filed in the application, Link 340 traverses the eastern side of your property, paralleling an existing 138-kV transmission line that is located there. The line would take an approximately 150-ft wide right-of-way that would be adjacent to, but not overlap the right-of-way of the existing line. Although the line does not bisect your property, it definitely goes across it.
