I am requesting to intervene in this proceeding. As an INTERVENOR, I understand the following:

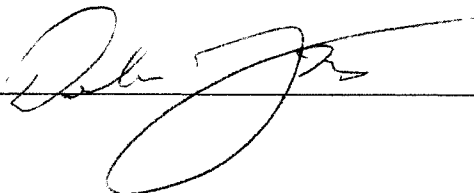

- ☐ I am a party to the case;
- ☐ I am required to respond to all discovery requests from other parties in the case;
- ☐ If I file testimony, I may be cross-examined in the hearing;
- ☐ If I file any documents in the case, I will have to provide a copy of that document to every other party in the case; and
- ☐ I acknowledge that I am bound by the Procedural Rules of the Public Utility Commission of Texas (PUC) and the State Office of Administrative Hearings (SOAH).

Please check one of the following:

- ☐ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☒ One or more of the utility's proposed routes would cross my property.
- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary. _____

This is my wanting to advise the
PUC not to give a right of way thru
my property to this company on link
293, i find it cuts thru my property.

Country. There is also an issue of due
process if you get a warrant to enter
a property there has to be a notice
to the owner implicitly as well as explicitly,
not, as is deservably ~~set~~ ^{as} we might in
we could there is a possibility well

not only cross your land we want to take
it, to make money for our share holders.
There is not eminent domain since there

are many ways to place this line.
I said in the process, show as it is,
to place my home on this property. I
don't want to hear the noise ~~see~~ see the
eyes ~~are~~ or worry about bleed off.

from those lines. When a tower is placed
there is a contract for use of land as
well as a time frame and control to it
with compensation, not a land grab.

For this and other reasons of violation
of due process, lies or bad faith and
conflict of interest that I object to this
route. I'm not Santa Clara buddy, I
wanted to buy it and clean it for my
enjoyment not the FCC, light energy or
any body else

Sincerely

I received a letter then attached map and
description from light company for the Loma
Alta 345 KV project. I called company
on 7-17-13 at 4:52 pm to advise I oppose
it since it appears to be across middle
of my property person advised Oscar was a
contractor hired by the company to answer.
All thru this process the only statement
given was of we might go thru your property.
They are dealing in bad faith and lying at
every description about if they intended to
go thru which route. I believe since they
want to buy land it alienates me from my
other property as well as a well to access it.
They already have a line on north of US
Hwy 281 with power lines, as well as
thousands of across south of my property
No one stopped to mark this imaginary
line but they want to over reach and land
grab any property they want to make
money that is the reason they want
to go the cheapest way. There is a const.
of interest since this company payes taxes
are they in it with the state who also
stands to make tax money and govt. as well.
Why dont they go along the deuce and
use it to place cameras for national
purposes as well for the

VC - This conduct violates owners and conduct in business of the asset.
good faith in dealing with land
