## Comments in Docket No. 41606

**If you want to be a PROTESTOR only, please complete this form.** Although public comments are not treated as evidence, they help inform the PUC and its staff of the public concerns and identify issues to be explored. The PUC welcomes such participation in its proceedings.

Mail this completed form and 10 copies to:

Public Utility Commission of Texas

PUBLIC UTILITY COMMISSION  
FILING CLERK

**I am NOT requesting to intervene in this proceeding. As a PROTESTOR, I understand the following:**

- I am NOT a party to this case;
- My comments are not considered evidence in this case; and
- I have no further obligation to participate in the proceeding.

**Please check one of the following:**

- ☒ I own property with a habitable structure located near one or more of the utility's proposed routes for a transmission line.
- ☐ One or more of the utility's proposed routes would cross my property.
- ☒ Other. Please describe and provide comments. You may attach a separate page, if necessary. \_\_\_\_\_

Several of my family members, small children go to school near a proposed transmission line. The proposed transmission line is right behind the school where the children go to play

on the playground and will be exposed to the lines. There are potential harmful effects on health due to long-term exposure to electric and magnetic fields from living next to transmission lines.

These harmful effects include the possibility of children developing leukemia, cancer, lymphoma, birth defects and brain tumors. Our home is located close to the school and would

be on the other side of the power lines. This would be completely too much exposure for our children. We do NOT want the lines going in through this area. Please find an alternate route.

**Signature of person submitting comments:**

EB Perales
