RE: Docket Number 41606

To Whom it may Concern;

We are writing to protest the location of this proposed project that will sandwich our home between two high power lines. We are referring to Leg 236 where it crosses Fairway Lane. We have an existing high power line easement within 30 feet of our home to the West, and this proposal would locate another one within 300' to our East making our home nearly un-liveable, and very probably un-saleable.

Please reconsider allowing this route over a senior community.

We apologize for the lateness of our response, we are on vacation and only now received our mailing and checked the online map to see the routing proposed.

Thank you.

Sincerely,

Don & Diane Johnson

(1162 Fairway Lane)
