RE: **Project 42082** – ADAD permit application

Dear Simendinger:

The Public Utility Commission has received your ADAD application. However, it was incomplete and cannot be processed for the following reasons:

- The ADAD numbers and county locations were not submitted on **TWO (2) identical CDs** (if the company only has 5 numbers the information can be listed in the required section of EACH copy of the application). These numbers and county locations must be submitted in the following format:

Tab once between the telephone number and the county (**NO SPACES**) and save as a **.txt TEXT or .xls EXCEL file ONLY**. The first column should be the 10 digit number and the second column should be the name of the county where the number is located (ADAD calls from).

Example Only:      5125555555    Travis  
                         5125556666    Travis  
                         5125557777    Travis

**If sending CDs instead of uploading the file, send in protective mailing material and label the 2 identical CDs with the following:**

The Company Name  
Project Number: 42082

**Mail to:** Public Utility Commission of Texas
