STATEMENT OF POSITION

COMES NOW, Pawel Nabialek and files this Statement of Position in accordance with P.U.C. Proc. R. § 22.124 in the above-referenced proceeding and respectfully states the following:

My name is Pawel Nabialek. I in a timely manner intervened in this proceeding on or before February 20, 2014. I own the home that is identified by Oncor Electric Delivery Company, LLC (Oncor) in the Preliminary Intervenor Maps as tract #227. My home is part of the Ridgeview Farms community. I understand that if a proposed transmission line route that includes Link G is selected, my home will be located within 300 feet of the centerline of the 138,000 volt transmission line. Therefore, I am filing this Statement of Position to object to Routes 17, 18, 80, 210, and 220 that use Link G.

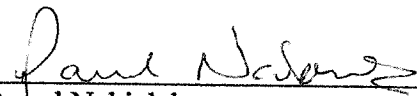

If a route that contains Link G were ultimately selected, the proposed transmission line would significantly and negatively impact the use and enjoyment of my home, the Ridgeview Farms community, and the park and recreational areas associated with the Ridgeview Farms community. I urge the Public Utility Commission to consider this Statement of Position as an indication of the community values of the Ridgeview Farms community and approve a route that does not utilize Link G.

Respectfully submitted/

Pawel Nabialek
