Mr. Fred Bednarski,

Per your request enclosed for your review and approval is a CD containing the electronic drawing of the amended area using Latitude/Longitude coordinate system. There was an issue with the previous files due to the fact that they were projected using the State Plan Coordinate System. This new CD should have the area that uses the TCEQ's data to locate the other existing CCNs and should exactly match all the hard copy maps.

We truly appreciate your favorable consideration of the application and please do not hesitate to call me at 979-836-7937 should there be any questions.

Sincerely,

William J. Huebner, P.E.
