**NOTICE OF DEFICIENCY**

Re: Application from Double Diamond Utilities Co., a Texas Corporation, Certificate of Convenience and Necessity (CCN) No. 12087, to Decertify a Portion of CCN No. 12362 from Northwest Grayson County WCID 1 and to Amend CCN No. 12087, in Grayson County; Application No. 35903-C

CN: 600672349; RN: 101458115

Dear Mr. Dougal:

Thank you for your letter dated January 3, 2008, requesting a 30 day extension to provide revised public notices.

Upon further review of the application, additional information is needed to continue processing the application referenced above.

- The entire proposed area is inside the CCN boundaries of Northwest Grayson County WCID 1, CCN 12362. Please provide written documentation on how the overlap will be handled. There are several options to resolving this overlap. One is to amend your application by submitting revised maps and change the requested CCN area so as to not include the areas of overlap. The second option is for you to meet with Northwest Grayson County WCID 1 and work out an agreement whereby Northwest Grayson County WCID 1 agreeing to decertification of the areas of overlap. Written documentation from Northwest Grayson County WCID 1 agreeing to decertification is required. If an agreement is not reached, you would have to provide compelling evidence that Northwest Grayson County WCID 1 could not provide acceptable service.
- Please submit a tariff for Double Diamond Utilities Co.

These items must be completed and returned to our office by **February 4, 2008**. Processing of this application cannot proceed until the close of the 30 day public comment period which begins after all the required notices has been given. If we do not receive the requested information by this date, your application will be returned for failure to prosecute.
