Re: Proposed rate increase
"Farmers Transport dba Enchanted Harbor Utility" (CCN # 12683)

Dear Ms Edwards,

I am a homeowner (77 Sailfish Landing) in the Sunnilandings subdivision located in South Port Alto, Texas. We obtain our water and sewer services from the above captioned entity.

I am told there is movement by this entity to raise our sewer / water rates by, if what I am being told is correct, an astounding amount. I have been told the proposed increase is in the neighborhood of 100%.

I find it impossible to understand how any entity could be allowed to double our utility rates.

Please accept this letter as a request, from a very concerned Homeowner, for a formal hearing to cause this entity to prove justification for an increase of such proportion.

Additionally and out of ignorance – is there any governmental entity that, has the right or responsibility to review the financial statements of a utility, when a rate increase is requested to validate said request?

In closing, again please accept this letter as my formal request for a hearing on the proposed rate increase.

Your attention on this matter would be very appreciated.

Kind regards,

Lynn E. Obenhaus
