

Included above is a lease the Company has with a related party for a building. Rental expenses related to this related party lease were approximately \$9,600 in 2012 and 2011. There are no future minimum lease payments under these related party leases.

The Company is subject to various legal proceedings and claims that arise in the ordinary course of business. While the resolution of these matters cannot be predicted with certainty, management believes that the final outcome of such matters will not have a material adverse effect on the consolidated financial position or results of operations of the Company.

One of the Company's subsidiaries is in dispute over an office lease agreement. Legal counsel has advised that the total exposure to the Company would not exceed \$50,000. Accordingly, the Company has accrued this amount in accrued expenses.

### 13. RETIREMENT PLANS

The Company has a 401(k) plan that covers substantially all employees who have completed at least nine months of service. The Company's funding policy is to match 50 percent of the employees' contributions, up to 2.5 percent of participating employees' salaries. Employees vest in Company contributions over a six year period. The Company contributed \$132,145 and \$124,742 to the plan for the years ended December 30, 2012 and January 1, 2012, respectively.

In 2007, the Company established an Employee Stock Option Plan ("ESOP") for the purpose of rewarding eligible employees for their loyalty and faithful service to the Company and providing eligible employees with an opportunity to share in the ownership and profitability of the Company.

Each employee becomes eligible to participate in the ESOP, coincident or immediately following the date on which they attain age 21 and complete 1 year of service. The ESOP does not permit participants to make contributions. The Company makes discretionary contributions to the ESOP.

Employees vest in the Company contributions as follows:

<u>Years of Service with the Company</u>	<u>% of Vesting</u>
Less than 2 years	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 or more years	100%

In September 2007, the ESOP purchased 518,519 shares valued at \$13.50 per share for a total price of \$7,000,000 from the sole shareholder of the Company through a note payable to the shareholder. On January 29, 2008 the Company affected a 100 for 1 reverse stock split of the authorized and outstanding shares of the common stock. The post-stock split equivalent of these shares is 5,185.19 shares valued at \$1,350 per share. The Company assumed this note payable in exchange for a note receivable from the ESOP. The note receivable has been recorded in equity ("Unearned ESOP shares") in accordance with FASB ASC 718-40, *Employee Stock Ownership Plans*.

ESOP compensation expense is recognized when shares are committed to be released in accordance with the ESOP pledge agreement. The compensation expense recognized represents the fair value of the shares committed to be released as of the date such shares are committed to be released. The Company recognized compensation expense totaling \$132,108 and \$557,993 in 2012 and 2011, respectively.

The Company is required to repurchase shares held by participants upon reaching retirement age, termination of service, or the participants' death. As of December 30, 2012, the number of shares subject to repurchase in future years was approximately 840 with a fair value of approximately \$873,600. The number of shares committed to be released total 398 and 398 in 2012 and 2011, respectively.

#### **14. EXTRAORDINARY INCOME**

In 2011, wildfires damaged a Texas property's land and buildings affecting the golf course, spa, restaurants, ship store, and hotel. The Company received insurance proceeds for loss of business income totaling \$340,322.
