VIA HAND-DELIVERY

Re: **PUC Docket No. 42931**: Application of Manville Water Supply Corporation and Lakeside Water Control and Improvement District 1 ("**District**") for Approval of a Service Agreement in Travis County (37792-C)

Dear Administrative Law Judge Goodson:

On September 1, 2015, Public Utility Commission ("**PUC**") Staff filed its response to PUC Order No. 6 and supplemental recommendation on the application in this matter indicating that the above-referenced application was incomplete and deficient. On September 4, 2015, Order No. 7 was issued, affirming the PUC's Staff's findings and requiring the District to cure such deficiencies by October 1, 2015. Accordingly, the District submits the following responses to address the issues raised by PUC Staff regarding administrative completeness. The District will address the technical review deficiencies upon notification of administrative completeness. The following items are delineated in Commission Staff's Memorandum:

Mapping Content

- A large scale (detailed) map delineating the proposed water and sewer service area for Lakeside WCID 1 with enough detail to accurately locate the service areas in the vicinity of surrounding roads, streets and highways. The proposed service areas requested for Lakeside WCID 1 must be clearly marked and labeled on the map differently than the surrounding Lakeside tracts, which are not associated with this docket.
- Revised digital data only delineating the proposed service area for Lakeside WCID 1 after removing the overlap with the City of Pflugerville's corporate boundaries.
 - a. Include the projection (PRJ) or coordinate system on a text file used to create the digital data.
 - b. Provide the digital data on a data disk (CD) as a singly polygon in a shapefile (SHP) format, which corresponds to the same proposed water and sewer service area as shown on the large scale map.

RESPONSE: The District is providing a revised CCN map and revised digital data, attached as Attachment A. These materials remove any proposed overlap with the City of Pflugerville's corporate boundaries and delineate the proposed water and sewer service areas specific to Lakeside WCID 1.

If there are any questions regarding this submittal, I can be reached at 512-322-5818 or dklein@lglawfirm.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'David J. Klein', with a stylized flourish at the end.
