**ORDER NO. 3
EXTENDING DEADLINE**

I. Application

On November 13, 2013, Manville Water Supply Corporation (Manville WSC) filed with the Texas Commission on Environmental Quality (TCEQ) a contract service agreement for Manville WSC and Lakeside Water Control and Improvement District 1 to amend a Certificate of Convenience and Necessity in Travis County. The application was received by the Public Utility Commission of Texas (Commission) on September 5, 2014. On November 5, 2014, Order No. 2 was filed requiring Commission Staff to file an update on the status of the application.

II. Request for Extension of Deadline

On December 15, 2014, Commission Staff filed a status update and request for extension of deadline. As noted by Commission Staff, due to the recent transfer of water and sewer utility cases to the Commission limited resources are available for processing these applications, thus, good cause exists for additional time to review the application. In order to provide a thorough analysis of this application, Staff requests the deadline be extended to January 23, 2015.

Commission Staff's request for extension is granted. The deadline for Commission Staff to file its recommendation on the need for a hearing or on final disposition of the application, or to propose a procedural schedule is extended to **January 23, 2015**.

SIGNED AT AUSTIN, TEXAS the 18th day of December 2014.
