PUBLIC UTILITY COMMISSION  
OF TEXAS

**ORDER NO. 8**  
**FINDING APPLICATION INCOMPLETE AND DEFICIENT,**  
**ESTABLISHING DEADLINES AND OPPORTUNITY TO CURE**

**I. Background**

On September 4, 2015, Order No. 7 was issued in this proceeding, requiring Manville Water Supply Corporation (Manville WSC) and Lakeside Water Control and Improvement District 2C (Lakeside WCID 2C) (collectively the Applicants) to provide additional information to cure deficiencies in the application that have previously been identified by Public Utility Commission of Texas (Commission) Staff. On October 1, 2015, Lakeside WCID 2C filed supplemental documents.

**II. Commission Staff's Recommendation on Administrative Completeness of the Application**

On November 2, 2015, Public Utility Commission of Texas (Commission) recommended that the application remains deficient and is not administratively complete because it contains material deficiencies, as specifically described in Commission Staff's November 2, 2015 filing and the attached memorandum of Mary Lupo and Tracy Montes, of the Commission's Water Utility Regulation Division.

**III. Proposed Procedural Schedule**

Commission Staff proposes that Applicant be given until December 9, 2015 to address the deficiencies identified by Commission Staff. Commission Staff proposes to file by January 7,

2016, additional comments regarding completeness of the amended application, along with a proposed procedural schedule once the application is administratively complete.

#### **IV. Technical Review**

Additionally, Commission Staff identified certain information necessary in order for Staff to complete its technical review of the application. Specially, Applicants shall submit the following: (1) a signed agreement to decertify a portion of the City of Pflugerville's sewer CCN No. 20678; and (2) documentation showing consent from LCRA to allow Lakeside WCID 2C to provide retail water and sewer service within LCRA's district boundary.

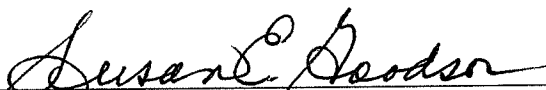

#### **V. Finding Application Incomplete and Deficient, Providing Opportunity to Cure**

Consistent with Commission Staff's recommendation, Lakeside WCID 2C and Manville WSC's application is found administratively incomplete and deficient. Pursuant to 16 Tex. Admin. Code § 24.8(a), applications are not considered filed until a determination of administrative completeness is made, thus at this time the application is not considered filed with the Commission. Applicants should not publish notice of the application until these discrepancies are corrected and approved by Commission Staff. On or before **December 9, 2015**, Applicants shall amend their application to cure the deficiencies noted by Commission Staff. Processing of the application cannot proceed until the requested items are received and reviewed.

On or before **January 7, 2016**, Commission Staff shall file a supplemental recommendation regarding administrative completeness of the amended application and notice along with a proposed procedural schedule, if appropriate.

SIGNED AT AUSTIN, TEXAS the 4<sup>th</sup> day of November 2015.
