The Commission adopts the following findings of fact and conclusions of law:

#### I. Findings of Fact

##### Procedural History and Background

1. On November 18, 2013, Lakeside and Manville submitted a CSA to the Texas Commission on Environmental Quality (TCEQ) for approval.
2. On September 1, 2014, functions relating to the economic regulation of water and sewer utilities were transferred from the TCEQ to the Commission. This application once pending at TCEQ is now before the Commission for consideration.
3. The application was clarified and/or amended on February 19, 2015, February 23, 2015, May 22, 2015, July 31, 2015, October 1, 2015, December 4, 2015, February 9, 2016, March 16, 2016, May 25, 2016, and August 29, 2016. The application was also supplemented by discovery responses on June 21, 2016 and June 30, 2016.
4. Approval of the application, as amended, would result in Lakeside being granted water and sewer certificates of convenience and necessity (CCNs) in Travis County; and the same

service area being transferred from and/or decertified from the water CCN service areas of Manville's water CCN and the City of Pflugerville's sewer CCN.

5. On April 20, 2016, Order No. 12 was issued deeming the application, as amended, administratively complete, addressing notice, and establishing a procedural schedule.
6. On May 18, 2016, Lakeside submitted Pflugerville's signed consent to decertification of the portions of its sewer CCN that overlap with the District.
7. On October 7, 2016, Lakeside submitted a signed consent form evidencing agreement with the proposed and revised water and sewer maps and certificates, as prepared by Commission Staff.
8. On October 10, 2016, Manville submitted a signed consent form evidencing agreement with the proposed and revised water and sewer maps and certificates, as prepared by Commission Staff.
9. On October 14, 2016, Commission Staff recommended approval of the application, as amended, and provided copies of the proposed and revised water and sewer service area maps and certificates for Lakeside and Manville, and consents thereto.
10. On October 18, 2016, Commission Staff and Lakeside filed a joint proposed motion to admit evidence and joint proposed notice of approval.
11. On November 21, 2016, Order No. 16 was issued requiring clarification regarding whether the sewer service area requested by Lakeside is currently uncertificated or would be removed from an existing CCN.
12. On December 1, 2016, Commission Staff filed response to Order No. 16, a motion to admit additional evidence, and revised joint proposed notice of approval. Commission Staff provided copies of the revised water and sewer service area maps and certificates for Lakeside, Manville, and Pflugerville, and consents thereto.
13. On December 5, 2016, Pflugerville's signed consent form evidencing agreement with the proposed and revised water and sewer maps and certificates, as prepared by Commission Staff was filed.

14. The maps and certificates discussed in Finding of Fact Nos. 7, 8, 9, 12 and 13 are attached to this Notice.
15. On January 26, 2017, Order No. 17, was issued admitting evidence into the record.
