FILING CLERK

Good afternoon. I can answer some and will get the answers to the remaining ASAP.

1. Operate in the City of Houston ETJ, no city
2. The system was purchased as part of the apartment sale. There has not been a separate document referencing the asset costs of the systems. Only the \$200,000 was noted for the utilities' assets.
3. There were no deposits.
4. Will check on NOV response and get back to ASAP.

Thank you. Victoria

Hi Victoria,

How are you? I am working on the above subject STM applications and I need additional information on the following:

- 1) In what city or municipality is the utility operating? (Q # 19 of the application);
- 2) Accumulated depreciation was left blank (Q # 13.A of the application). Are the facilities/system to be transferred brand new that's why accumulated depreciation is zero (0)?;
- 3) Did the seller utility collect deposits from customers? If there are customer deposits, will it be transferred to the buyer utility?; and
- 4) On May 15, 2013, the TCEQ Region 12 office sent a notice of violation letter to Mr. Charles Goldsmith, with a response due on August 22, 2013. Please provide me copy of the response/written description of corrective action taken.

Your immediate response will be greatly appreciated.

Sincerely,

Hi Lisa,

On November 26, 2013, I gave my FMT request to Debi for the above subject STM application. I am currently reviewing the application and noticed that I do not have the FMT yet. I am just wondering if Debi has turned over to you something on this case?

Thanks,
Leila
