NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE AND NECESSITY  
(CCN) TO PROVIDE WATER UTILITY SERVICE IN ARCHER, BAYLOR, KNOX AND  
YOUNG COUNTIES TEXAS

To: Mike Dennell Date Notice Mailed: 03/31, 2014  
(Neighboring System, Landowner or City)  
16733 CR 221  
(Address)  
Harney, IN 75126  
(City State Zip)

Baylor Water Supply Corporation (WSC) has filed an application to amend CCN No. 11605 with the Texas Commission on Environmental Quality to provide water utility service in Archer, Baylor, Knox and Young counties.

The proposed utility service area is located approximately 12 miles north, 36 miles east, 15 miles south and 13 miles west of downtown Seymour, Texas, and is **generally** bounded on the north by Lake Kemp; on the east by FM1768; on the south by FM210; and on the west by FM266.

The total area being requested includes approximately 28,848 acres and 66 current customers. The proposed application affects customers and/or areas located in the following zip code: 76380, 76366 and 76374.

**See enclosed map of the proposed service area.**

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

**RECEIVED**  
APR 17 2014  
UTILITIES & DISTRICTS  
SECTION

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to exclude the tract from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.

Baylor Water Supply Corporation (WSC) has filed an application to amend CCN No. 11605 with the Texas Commission on Environmental Quality to provide water utility service in Archer, Baylor, Knox and Young counties.

The proposed utility service area is located approximately 12 miles north, 36 miles east, 15 miles south and 13 miles west of downtown Seymour, Texas, and is **generally** bounded on the north by Lake Kemp; on the east by FM1768; on the south by FM210; and on the west by FM266.

The total area being requested includes approximately 28,848 acres and 66 current customers. The proposed application affects customers and/or areas located in the following zip code: 76380, 76366 and 76374.

**See enclosed map of the proposed service area.**

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to exclude the tract from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to exclude the tract from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.

**SECTION**

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to exclude the tract from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.
