ing

City of Lyford has filed an application for a water and sewer CCN and for dual certification of a portion of North Alamo Water Supply Corporation, water CCN No. 10553, and Sunny Dew Water Supply Corporation, water CCN No. 11041, with the Texas Natural Resource Conservation Commission to provide water and sewer utility service in Willacy County.

The proposed utility service area is located approximately 1 mile north, south, east and west of downtown Lyford, Texas and is generally bounded on the north by a line 8/10 of a mile south of FM 490; on the east by County Road 315; on the south by FM 491; and on the west by FM 1834. The total area being requested includes approximately 129,600 acres and 778 current customers.

A copy of the proposed service area map is available at 196 W. Main Lyford, Texas 78569.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Natural Resource Conservation Commission
Water Supply Division
Utilities and Districts Section, MC-153
P.O. Box 13087
Austin, Texas 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearing (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.
