Karen Blaschke - Re: City of Bonham, Application Nos. 35091-C & 35092-C

RECEIVED

2014 DEC 17 PM 4:40

PUBLIC UTILITY COMMISSION
FILING CLERK

From: Daniel Smith
To: Blaschke, Karen
Date: 11/2/2005 2:00 PM
Subject: Re: City of Bonham, Application Nos. 35091-C & 35092-C

Then, yes, let's add the "other request language," which I assume means that language that Tammy had re-done for other Rodriguez apps., right?

Dan

>>> Karen Blaschke 11/2/2005 1:58 PM >>>
Yes, I need to send a FNOD for 2 items.

Thanks,
Karen

>>> Daniel Smith 11/2/2005 11:44 AM >>>
Well, the maps are pretty aggressive and there is dual-certification requested. The balance sheet has a lot of debt, but the net income is good. Do you have other requirements for an NOD?

Dan

>>> Karen Blaschke 11/2/2005 11:13 AM >>>
Dan, these applications are amendments and we asked for construction breakdown & an estimated time line to indicate the cost & time-frame to provide water and sewer service to requests for service received in the 1st BTR letter. Mr. Rodriguez responded with the not a legal requirement language. Should I use the other request language with an NOD or can we go forward with the current financial information?

Thanks,
Karen

Faith, please, disregard the Final Notice of Deficiency letter dated November 1, 2005. You should be receiving another Final Notice of Deficiency letter dated November 7, 2005 and this letter includes the additional items you have submitted.

Please, call me at 239-6932 if you have any questions.

Sincerely,
Karen Blaschke

I received a Final NOD on this application. It was my understanding, from our conversations, that you had extended our deadline for responding to the initial NOD to 11/1/05 for this application. The items listed in the Final NOD are the same ones that I responded to the Commission with on 11/1/05. Is this going to cause the application to be rejected if there are now additional items that you discover are needed?

Faith Wright
