Re: Application No. 37593-S, Application from Corix Utilities (Texas) Inc., A2060, to purchase facilities and transfer a portion of Certificate of Convenience and Necessity (CCN) No. 11670 held by Lower Colorado River Authority (LCRA) (Lake Buchanan) and to obtain and amend a CCN in Burnet and Llano Counties

CN: 600253637; RN: 101454155 (LCRA)
CN: 604102301; RN: 106448079 (Corix)

Dear Mr. Yanoshita:

We have reviewed the criteria in Texas Water Code (TWC), Section 13.301(e) and determined that a public hearing will not be requested. You may complete your proposed transaction as scheduled, or any time after you receive this notification. Please note that the transaction must comply with the requirements of TWC Section 13.301(d) and therefore cannot be completed prior to the issuance of this letter.

The second part of the application, which is transferring the CCN, will occur following receipt of the following documents:

- a copy of the signed contract or bill of sale, and
- documents supporting the disposition of customer deposits.

The application cannot be approved nor the CCN transferred and issued until we receive evidence that the transaction was completed. These items must be received by the Utilities & Districts Section, Water Supply Division, within 30 days after the effective date of the transaction.

After the proper documentation is received, staff will prepare a proposed map, certificate, and recommendation for both applicants to review before submitting them to the Executive Director for approval and the issuance of the CCN. A copy of this information will be sent to both the buyer and seller.

Mr. Edward Yanoshita, General Manager

December 3, 2013

If you concur with the recommendation, the consent forms must be signed and returned by both applicants before the recommendation to transfer the CCN can be approved by the Executive Director. If both consents are not received, the CCN will remain in the name of the seller and the seller remains responsible for the system(s) for purposes of TWC Section 13 regulations. (See TWC, Section 5.122 and 30 Texas Administrative Code Section 50.33).

As an alternative to the seller's continued involvement in the process, the closing document(s) and any accompanying correspondence may include a statement that the seller consents with the transfer of the CCN to the buyer with specific references to the statute and rule noted above. The statement will serve to authorize the Executive Director to take action upon receipt of the buyer's signed consent form. In this situation, however, the seller is relying on the buyer to provide the final consent on the CCN transfer.

Finally, please note that from the time the application is filed until the CCN is issued, it is the applicants' (buyer and seller) responsibility to notify and update the Utility & Districts Section, Water Supply Division, of changes in the financial, managerial, or technical information provided in the application.

If you have any questions, please contact Ms. Sheresia Perryman by phone at 512/239-3654, by fax at 512/239-6972, by email at sheresia.perryman@tceq.texas.gov, or if by correspondence, include MC 153 in the letterhead address below.

Utilities Financial Review

From:  Debi Loockerman, C.P.A.
Utilities Financial Review

Subject: Application Nos. 37597-S and 37598-S from Corix Utilities (Texas) Inc., A2065 and A2066, to Acquire Water and Sewer Facilities from Lower Colorado River Authority (LCRA)(Alleytown) and to obtain Water and Sewer Certificates of Convenience and Necessity (CCN) in Colorado County

CN: 600253637; (LCRA) no RN numbers are shown because the area and facilities being transferred are not within any CCN boundaries

CN: 604102301; RN numbers pending (Corix)

In my opinion, Corix Utilities (Texas) has demonstrated adequate financial and managerial capability to provide service to the requested area. These conclusions are based on information provided by the applicant prior to this date and may not reflect any changes in the applicant's status subsequent to this date. This financial review is considered adequate for all Corix Utilities (Texas) sale, merger, transfer applications, and any CCN amendment application related to the LCRA assets purchased filed during 2013.

Background

Corix Utilities (Texas) (CorixTX) applies to acquire utilities from Lower Colorado River Authority (LCRA) due to LCRA's divestiture in retail services. There are 18 systems subject to the overall purchase sale transaction listed in this application. CorixTX has provided a schedule for utility price and cost data, which details information for each system purchased. Existing rates will be adopted, except for those not allowable to investor owned utilities in Texas, and cost of service studies will be prepared in the future for any rate change determination. The total price for the acquired systems is reported as \$12,234,100. The net book value of the assets is \$15,494,142. The transfer affects 3,423 customers who were served by LCRA and are currently served by CorixTX as contracted operator. Corix has reported CIAC in the amount of \$798,913.

CorixTX provided income statement and balance sheet for their parent company, Corix Infrastructure Inc. and for CorixTX as of December 31, 2012. CorixTX also provided calculation for debt service coverage ratio for the parent company revealing coverage exceeding the TCEQ technical review staff's minimum coverage preferred of 1.25 to 1.00. The parent company's debt to equity ratio as of June 30, 2012 (treating intra-company debt as capital for the purposes of this ratio only) was \$105 million to \$215 million, or 0.49 to 1.00. TCEQ staff prefers to see a ratio of less than 1.0 to 1.0 when reviewing for financial capability. Corix affiliates operate multiple utilities in the USA and Alaska and have operated the utilities being transferred under contract since July of 2011.

Notice for Publication
NOTICE OF APPLICATION FOR CERTIFICATE OF CONVENIENCE
AND NECESSITY (CCN) TO PROVIDE WATER UTILITY SERVICE
IN BURNET AND LLANO COUNTIES, TEXAS

Corix Utilities (Texas) Inc. has filed an application with the Texas Commission on Environmental Quality purchase facilities and transfer a portion of Certificate of Convenience and Necessity No. 11670 held by Lower Colorado River Authority and to obtain and amend a CCN to provide water utility service in Burnet and Llano Counties.

The area subject to this transaction is located approximately 12.5 miles east of downtown Llano, Texas and is generally bounded on the north by Blue Sky Way; on the east by County Road 141; on the south by a quarter mile buffer off Lehne Loop; on the west by 1/4 mile west of Old Spanish trail. The total area being requested includes approximately 3,655 acres and currently serves 518 water customers. The area proposed for amendment includes Inks Creek, Willow, Pointella, Grand Sabana, Deer Hills, Water Ridge, The Cliffs at Water Ridge, Lehne Ranch, and and Three Springs Ranch subdivisions and areas within zip code 78609.

A copy of the proposed service area map and questions concerning the proposed service area can be directed to Corix Utilities at 6836 Bee Cave Road, Ste. 209, Austin TX 78746, phone number: 512/306-4000.

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality
 Water Supply Division
 Utilities and Districts Section, MC-153
 P. O. Box 13087
 Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to be excluded from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality
 Water Supply Division
 Utilities and Districts Section, MC-153
 P. O. Box 13087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.
