TCEQ Interoffice Memorandum

To: Sheresia Perryman
Elizabeth Flores
Utilities Financial Review

Date: October 23, 2013

From:  Debi Loockerman, C.P.A.
Utilities Financial Review

Subject: Application Nos. 37597-S and 37598-S from Corix Utilities (Texas) Inc., A2065 and A2066, to Acquire Water and Sewer Facilities from Lower Colorado River Authority (LCRA)(Alleytown) and to obtain Water and Sewer Certificates of Convenience and Necessity (CCN) in Colorado County

CN: 600253637; (LCRA) no RN numbers are shown because the area and facilities being transferred are not within any CCN boundaries
CN: 604102301; RN numbers pending (Corix)

In my opinion, Corix Utilities (Texas) has demonstrated adequate financial and managerial capability to provide service to the requested area. These conclusions are based on information provided by the applicant prior to this date and may not reflect any changes in the applicant's status subsequent to this date. This financial review is considered adequate for all Corix Utilities (Texas) sale, merger, transfer applications, and any CCN amendment application related to the LCRA assets purchased filed during 2013.

Background

Corix Utilities (Texas) (CorixTX) applies to acquire utilities from Lower Colorado River Authority (LCRA) due to LCRA's divestiture in retail services. There are 18 systems subject to the overall purchase sale transaction listed in this application. CorixTX has provided a schedule for utility price and cost data, which details information for each system purchased. Existing rates will be adopted, except for those not allowable to investor owned utilities in Texas, and cost of service studies will be prepared in the future for any rate change determination. The total price for the acquired systems is reported as \$12,234,100. The net book value of the assets is \$15,494,142. The transfer affects 3,423 customers who were served by LCRA and are currently served by CorixTX as contracted operator. Corix has reported CIAC in the amount of \$798,913.

CorixTX provided income statement and balance sheet for their parent company, Corix Infrastructure Inc. and for CorixTX as of December 31, 2012. CorixTX also provided calculation for debt service coverage ratio for the parent company revealing coverage exceeding the TCEQ technical review staff's minimum coverage preferred of 1.25 to 1.00. The parent company's debt to equity ratio as of June 30, 2012 (treating intra-company debt as capital for the purposes of this ratio only) was \$105 million to \$215 million, or 0.49 to 1.00. TCEQ staff prefers to see a ratio of less than 1.0 to 1.0 when reviewing for financial capability. Corix affiliates operate multiple utilities in the USA and Alaska and have operated the utilities being transferred under contract since July of 2011.
