EXHIBIT Q: MEMORANDUM OF AGREEMENT

Please refer to the following page for Exhibit Q, Memorandum of Agreement.

**Memorandum of AGREEMENT
LOMETA UTILITY ASSETS**

This Memorandum of Agreement ("MOA"), dated this 5th day of August, 2013 (the "Effective Date"), is between:

CITY OF LOMETA ("Lometa")
109 W. San Saba St., Lometa, TX 76853

and

CORIX UTILITIES (TEXAS) INC. ("Corix")
Suite 209, 6836 Bee Caves Road, Austin, Texas 78746

BACKGROUND

- A. The Lower Colorado River Authority ("LCRA") and Lometa entered into a non-assignable franchise agreement effective October 16, 1998, in respect of the water and wastewater systems in Lometa.
- B. On March 30, 2012, LCRA and Corix entered into a Utilities Purchase and Sale Agreement (the "PSA") in which LCRA agreed to sell and/or lease certain utilities to Corix including the following water and wastewater utility systems in Lampasas County:
 - (1) the intake, supply main, dam, reservoir and associated water rights (the "Raw Water Assets"),
 - (2) the water treatment plant, potable water distribution system, the Grumble Water Lease, the Miller Water Lease and the associated Certificates of Convenience and Necessity ("CCNs") (together, the "Potable Water Assets"); and
 - (3) the sewer collection system, wastewater treatment plant, solar power array and the associated CCN (the "Wastewater Assets").
- C. Corix and LCRA intend to enter into a confirmation agreement (the "Lometa Confirmation Agreement") under and in amendment of the PSA, which will provide that the Raw Water Assets will be operated by Corix pursuant to a 15-year operating lease commencing on the closing of the PSA and containing a raw water asset purchase option valued at \$3,000,000 (the "Lometa Purchase Option"), and the Potable Water Assets and Wastewater Assets will be purchased directly by Corix, effective on the closing of the PSA.

- D. The Potable Water Assets and the Wastewater Assets, plus the Raw Water Assets if Corix exercises the Lometa Purchase Option, including all betterments and improvements thereto, are referred to in this Memorandum of Agreement as the "Utility Assets".
- E. Corix intends to acquire and operate the Utility Assets as a regulated utility and adopt the existing tariff. Accordingly, the closing of the PSA and the acquisition of the Utility Assets are subject to certain conditions, including Corix obtaining appropriate regulatory approval, including without limitation an approval of the sale, transfer and merger ("STM") from the Texas Commission on Environmental Quality ("TCEQ"), and the modification of the CCNs to include the Lometa Extraterritorial Jurisdiction as defined herein.
- F. The parties wish to enter into this MOA to document their agreement as to the terms of a franchise agreement in respect of the Utility Assets and to confirm their understandings with respect to related matters.

AGREEMENT

For good and valuable consideration, the receipt and adequacy of which are hereby acknowledged, the parties agree as follows:

1. **Franchise Agreement:** Corix and Lometa shall in good faith and diligently negotiate to mutually satisfactory completion a franchise agreement (the "Franchise Agreement") to allow Corix to operate its regulated utility business and have public right of way access for the Utility Assets within Lometa. Such Franchise Agreement is conditional upon and is to become effective upon the closing of the transactions contemplated in the PSA. The Franchise Agreement shall not be inconsistent with State law, including, but not limited to, the rules and regulations established by the TCEQ and any other applicable regulatory authority, that are lawfully applied to franchises granted by cities. It is intended the Franchise Agreement will contain the following terms:
 - a) Franchise Term: The Term of the Franchise Agreement shall be 50 years.
 - b) Effective Date: The Effective Date shall commence on the closing date of the sale and purchase of the utility assets between LCRA and Corix, at which time the Franchise Agreement with LCRA shall terminate.
 - c) Lometa Purchase Option: Lometa shall have an option to purchase the Utility Assets on and after the Option Date (defined as the 40th anniversary of the Effective Date) to the end of the Term at the then current net book value of such Utility Assets for cash consideration. The Lometa Purchase Option shall continue and remain in full force and effect until the first to occur of Lometa exercising the purchase option or the 50th anniversary of the Effective Date. Lometa shall provide Corix eighteen (18) months advance written notice of its intention to exercise its Lometa Purchase Option.

- d) Franchise Renewal: If at the end of the Term, Lometa has not exercised its Lometa Purchase Option, then Lometa and Corix shall enter into good faith negotiations for a new Franchise Agreement of not less than 25 years, provided however that any new Franchise Agreement shall not contain the Lometa Purchase Option and shall be on terms and conditions no less favourable than Franchise Agreement(s) from three cities in Central Texas representative of the size of Lometa. In the event the parties fail to reach agreement as to the terms of a new a Franchise Agreement, each party agrees to mediation.
- e) Option Reminder: At least twenty (20) months prior to the expiry of the Franchise Agreement, Corix shall provide Lometa with a written reminder of (a) the Lometa Purchase Option and the form and timing of notification required for its exercise, and (b) the requirement, in the alternative, to commence discussions on renewal of the Franchise Agreement.
- f) Right of First Refusal: Lometa shall have a 90 day Right of First Refusal at any time during the Term, following notification by Corix to Lometa of Corix's acceptance of a valid and binding offer to acquire the Utility Assets, on the same terms and conditions as offered to Corix. Such Right of First Refusal shall apply only to the sale of the Utility Assets and not to the sale, transfer or merger of Corix. Any such sale or transfer to a third party or affiliate shall be and remain subject to the Lometa Purchase Option.
- g) Franchise fee and payment in lieu of property taxes ("PILOT"): The PILOT shall be a payment in lieu of ad valorem property taxes by Corix to Lometa and shall also be and constitute the Franchise Fee payable to the City. It shall be equal to 8% of the revenues collected within the Lometa city limits for each of the water utility business and wastewater utility business. The aggregate of the PILOT and franchise fees payable to the City of Lometa shall not exceed 8% of revenues invoiced and actually collected. In the event City ad valorem taxes are assessed against the Utility Assets located within the City, Corix shall be entitled to deduct the amount of the City property taxes actually paid by Corix from the amount of the PILOT payable to the City.

The PILOT will be based on revenues received by Corix for service within the City at rates approved by the relevant regulatory authority. Since Lometa is part of the Hill Country rate district, Corix will propose to the relevant rate setting authorities that the total annual PILOT be included in the overall cost of service for all customers in Hill Country using a "postage stamp" rate approach.

- h) Corix Budgets and Capital Planning: Corix shall annually consult with Lometa regarding the annual O&M budgets and 5-year Capital Plans for the Utility Assets, but does not require Lometa's approval of these budgets or plans. Corix shall provide to Lometa an annual projection of the estimated net book value(s) of each of the Raw Water Assets, Potable Water Assets and Wastewater Assets as at the Option Date.

- i) Rate Increases: Corix shall not increase the utility rates for the first year following the Effective Date. Thereafter, Corix will phase in any initial rate increases over a minimum of a 3-year period. Changes in rates will be based on the regulatory process. Nothing in this agreement supersedes Lometa's original rate making jurisdiction rights.
- j) Rate District(s): The water utility business (consisting of the Raw Water Assets and the Potable Water Assets) shall for rate making purposes remain part of the Hill Country Regional Water Rate District. The wastewater utility business shall for rate making purposes remain a stand-alone wastewater rate district.
- k) Assignability: The Franchise Agreement shall be assignable by Corix to a third party with the consent of Lometa, such consent not to be unreasonably withheld. Corix will provide notification, but not require City consent, of any assignments by Corix to a wholly-owned subsidiary or another wholly-owned member of Corix's ultimate holding company.

2. Other Matters:

- a) STM Application: Lometa agrees to support Corix's STM application and application regarding modifying the CCN(s) to include the Lometa Extraterritorial Jurisdiction ("ETJ") area identified on the map attached hereto as Schedule 1 with the community and TCEQ.
- b) Waiver: Lometa waives any claims to any subsequent Right of First Refusal with respect to the sale by the LCRA, as a result of Corix and LCRA entering into the Lometa Confirmation Agreement which amongst other matters amends and restructures the contemplated transaction.

3. General:

- (a) This MOA shall automatically terminate upon: (i) termination of the PSA; (ii) an alteration of the PSA such that the purchase and sale of the Utility Assets from LCRA to Corix is no longer contemplated; or (iii) upon mutual written consent of the parties. Should the events contemplated in items (i) or (ii) occur Corix agrees to promptly notify Lometa in writing.
- (b) This MOA shall be governed by the laws of the State of Texas and without regard to conflicts of law principles.
- (c) This MOA may be modified, supplemented or amended only by an agreement in writing signed by the Parties.
- (d) Except as expressly agreed in writing by the Parties, each Party shall be responsible for and bear all its own costs and expenses incurred in connection with this MOA and the definitive agreement(s) contemplated herein.

(e) This MOA may be executed in counterparts, each of which shall be deemed an original and both of which, taken together, shall constitute one and the same instrument. Signatures for the Parties transmitted by facsimile, email or other electronic means shall be deemed to be their original signatures for any purpose whatsoever.

IN WITNESS WHEREOF, the parties hereto have executed this MOA as of the Effective Date.
