Item Number: 6

Addendum StartPage: 0

House Bill (HB) 1600 and Senate Bill (SB) 567 83<sup>rd</sup>  
Legislature, Regular Session, transferred the functions  
relating to the economic regulation of water and sewer  
utilities from the TCEQ to the PUC effective  
September 1, 2014.

Ms. Fuentes,

This is to confirm our conversation. The buyer DOES intend to transfer the existing CCN numbers of the Athens and Moody water systems. Thank you for your assistance.

**Subject:** STM applications filed for Moody Water System and Athens Water System

Mr. Coffey,  
Thank you for speaking with me this morning. As we discussed, it is my understanding that the buyer intends to transfer the existing CCN numbers of the Athens and Moody water systems rather than canceling those numbers and obtaining new ones. Please reply to this email and confirm.  
Thanks for your help,  
Lisa
