**ORDER NO. 4
FINDING APPLICATION INCOMPLETE
AND REQUIRING FILINGS**

On February 10, 2015, Public Utility Commission of Texas (Commission) Staff filed a response regarding the status of this application. Commission Staff stated, based upon the attached memorandum from the Commission's Water Utilities Division that certain mapping deficiencies exist and that City of Dorchester should not provide notice until it obtains agreement to amend Marilee Special Utility District's Certificate of Convenience and Necessity to allow for dual certification. Commission Staff recommended that City of Dorchester be afforded additional time to address the described deficiencies.

For these reasons, the application is considered administratively incomplete. On or before **March 12, 2015**, the City of Dorchester shall cure the deficiencies described above.

On or before **April 10, 2015**, Commission Staff shall file an update/recommendation regarding this application.

SIGNED AT AUSTIN, TEXAS the 11th day of February 2015.
