RE: Project No. 43050

After reviewing the filing titled "Registration of Submetered or Allocated Utility Service" in the above-referenced Project and the rule governing its submission, P.U.C. SUBST. R. 24.122, we have determined that a notice of approval is not required. It is sufficient for the property owner to be notified of the registration assigned through a letter issued by the Water Utility Regulation Division.
