PUBLIC UTILITY COMMISSION  
FILING CLERK

**ORDER NO. 3  
DEEMING APPLICATION INCOMPLETE;  
FINDING NOTICE DEFICIENT; SUSPENDING EFFECTIVE DATE  
AND RATE CHANGES; AND REQUIRING FILING**

On September 24, 2014, Public Utility Commission of Texas (Commission) Staff responded to Order No. 2 regarding the above-styled and numbered proceeding.

**Application.** Commission Staff stated that the application was not administratively complete. Specifically, Inline Development LLC's (Inline's) application (1) failed to complete the affidavit and provide proper notice to the appropriate parties affected by the rate change; (2) failed to provide the 12-month test year period regarding the costs to the utility of providing water and sewer service information; and (3) contains discrepancies in the rate of return for both the water and sewer long term debt and equity information. Accordingly, Inline's application is materially incomplete. On or before October 21, 2014, Inline shall cure the preceding deficiencies identified by Commission Staff.

**Notice.** Commission Staff stated that Inline's notice was deficient because Inline failed to complete the affidavit and did not provide dates of delivery of notice to customers and because the Notice of Proposed Rate Change inaccurately calculates certain dollar amounts regarding water and sewer billing comparisons. Accordingly, the notice is deemed deficient. On or before October 21, 2014, Inline shall cure the notice deficiencies identified by Commission Staff, but may not re-notify customers of a revised proposed effective date until the Commission has determined that such has been corrected.

**Suspension.** Because Inline's application is materially incomplete and because Inline has failed to comply with the notice requirements, pursuant to 16 TAC §§ 24.8 and 24.26, the effective date of this application and proposed rate changes are suspended until the application and notice deficiencies are corrected.

SIGNED AT AUSTIN, TEXAS the 6th day of October 2014.
