Subject: Rate/Tariff change application No.37993-R CN:604527853; RN: 101193191 for Fremont Water Co.

Dear Ms. Guerrero:

I received the Notice of Deficiency on August 20, 2014. On August 21, 2014 I made the required changes, mailed the new required customer notice to all customers and completed the notarized affidavit. I checked with several customers and they had received the notice on August 30, 2014. I will send you an original and three copies of the customer notice and the notarized affidavit on September 2, 2014, as noted in the Notice of Deficiency, to Public Utility Commission Water Utilities Division.

Please advise me if any other information is required to insure our application has been accepted for filing or if you do not receive the previously mention documents within a few days.

Sincerely,

Fred Gregory Owner, Fremont Water Co.
