Re: CCN 12821, Fremont Water Company

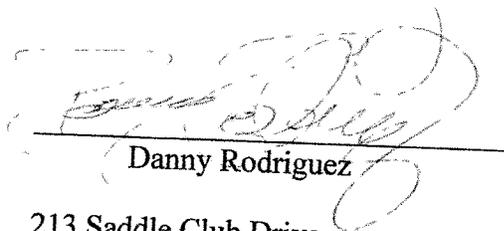

To Whom It May Concern:

We purchased Lot # 1R located in the Homestead @ Turtle Creek Subdivision in Kerr County, Texas and built our residence which was completed in October of 2013.

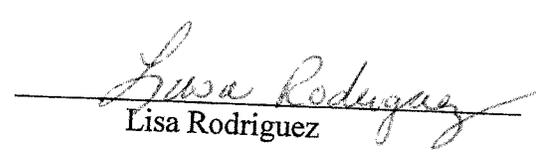

Our monthly water usage amounts to approximately 4000 gallons per month. Our monthly water bill based upon usage of 4000 gallons per month is \$29.45 per month. Mr. Gregory, the new owner of the water facility, proposed an initial rate increase on July 14, 2014, which would raise our monthly bill to \$65.48, representing a 122% increase. Subsequently on August 5, 2014, Mr. Gregory proposed a revised rate change which would raise our bill to \$56.65, an increase of 92%.

We feel the increased rate is excessive and unreasonable. We respectfully request that TCEQ grant a hearing for residents of our subdivision, and further request that the hearing be held in Kerrville, Texas. Full time employment poses a problem for us to meet with TCEQ in Austin.

Sincerely yours,

Danny Rodriguez
