# NOTICE TO OPT OUT OF THE WATER SERVICE IN LEAVIS AND WILKINSON COUNTIES, TEXAS

The City of Phlegerville has filed an application to amend CCN No. 30672 with the Texas Commission on Environmental Quality to provide water utility service in Travis and Williamson counties.

The proposed utility service area is located approximately 13 miles east of Leavittville, Phlegerville, Texas, and is generally bounded on the north by CH 130, on the east by Water Lane, on the south by Orange Lane, and on the west by JH 135.

The land area being requested contains approximately 30,000 acres and 47,230 equivalent customers. The proposed application affects customers and/or areas located in the following zip codes: 76660, 76663, 76681, 76614, 76614.

A copy of the proposed service area map is available at: 1012 E. Main, Ste. 300, Phlegerville, TX 76660. 512/990-4101.

A request for a public hearing must be in writing. You must state: (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number, or another recognizable reference to this application; (3) the statement: "I am requesting a public hearing"; (4) a brief description of how you or the person you represent would be adversely affected by the granting of the application for a CCN; and (5) your proposed statement to the application or CCN which would satisfy your concerns and enable you to withdraw your request for a hearing.

Persons who wish to forego or statement should write the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and District Section, MC-153  
P.O. Box 13087  
Austin, TX 78711-5087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing. If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to be excluded from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must include a sealed, general location map and a map and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and District Section, MC-153  
P.O. Box 13087  
Austin, TX 78711-5087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.

Send information on Expanded, please forward to J-512-239-0200.

and Manor both struggled and won less than 10 games combined and Connolly went 3-1 against them.

A playoff run should be a possibility for the Cougars, especially with one of the odds-on favorites to win district MVP back, Jordan Murphy. The rising-senior was first team all-district two years in a row and is the returning ace of the staff. He also is a top hitter, batting .379 last season.

### 3. Girls basketball

The key will be Reid, who is an athletic post player who averaged 10.8 points per game last season — second on the team.

Another reason to keep an eye on Connally? Without Georgetown and East View in the district, Connally and Hutto return as playoff teams. Manor and Egin went a combined 22-40 last season. Waco went 9-16, University went 5-21 and Temple went 7-17. Hutto and Connally should battle for the district championship.

(girls) are two of the top coaches in Class 5A (formerly Class 4A).

The girls team will have 12 players back from last season, including Emma Mele, who was the Mid-field Player of the Year in district and Co-Newcomer of the Year, Ellis Patterson. With Mele and Patterson back, the girls team can pick up where the 22-2-2 team from this spring left off.

The boys lose Trent Hurley, the offensive MVP from this spring, and JM Blay-Tofay, but Connally also returns German Salvador Betancourt, Ricky Avelar, Tri Doan, Jeremy Cook, Joshua Garcia and Isaac Villatoro.

## 1. Boys basketball

After a season the boys' team just had, reaching the third round of the playoffs and making Beaumont Central sweat in the third quarter, the Cougars should be another contender for the playoffs next season.

The return of Jaylin Snead, 6-foot-7-inch Isaiah Jones and 6-foot-4-inch Aneas Jackson give the Cougars and coach Dean McMullen pieces to work with next season. McMullen didn't have a

Holmes pointed to his mother, friend De-Andre Connor and Russell as sources of motivation. Holmes clearly kept his off-field life moving through, being named homecoming king that fall.

33, then plans on going to Whitman College, where he might try to walk out on the football team if he can't work his way. Back to playing shape during the summer.

Holmes is nine months removed from the day he lost his senior season.

"I will think about that day," he said. "I will think about what effect I could've made on the years. What the second could've been."

The whole thing, how different everything would've been. I've let it go but I still have it in the back of my mind. I still wonder what could have happened.

The City of Minneapolis has filed an application pursuant to MN Statute 206.087 with the Trade Commission on Environmental Quality to provide some utility services to private landowners outside.

The proposed utility service has been approved by the state and it will be provided by the City of Minneapolis. The proposed utility service will be provided to the landowners by the City of Minneapolis. The proposed utility service will be provided to the landowners by the City of Minneapolis.

Each time the Commission will submit a written report on the results of its work to the Commission. It will also submit a written report on the results of its work to the Commission.

If a public hearing is requested, the legislative process will not leave the CEF and will forward the application to the State Office of Administrative Hearings (SOAH) for hearing. If an organized protest and an emergency hearing is held, the SOAH will allow participants to be heard by the Commission. If an emergency hearing is held, it will be held privately similar to a public hearing. The hearing will be held on the same date as the public hearing.

and Manor both struggled and won less than 10 games combined and Connolly went 3-1 against them.

A playoff run should be a possibility for the Cougars, especially with one of the odds-on favorites to win district MVP back, Jordan Murphy. The rising senior was first team all-district two years in a row and is the returning ace of the staff. He also is a top hitter, batting .379 last season.

## 3. Girls basketball

Candi Harvey's team loses five players from last season's 13-15 team. They'll miss Azaria Miller's shooting and Shoniqua Coleman's athletic ability. They'll miss a lot from this senior class.

However, Zhartaezia Bradley and Aaliyah Reid (5-foot-9-inches and 6-foot-2-inches tall) give the team a solid front court. Sophomore Jamia Miller saw action in the playoffs and Dallas Meeks was on varsity as junior.

Miller was the only underclassmen on the team, so the junior varsity players will need to fill the holes on the wings. The key will be Reid, who is an athletic post player who averaged 10.8 points per game last season - second on the team.

Another reason to keep an eye on Connolly? Without Georgetown and East View in the district, Connolly and Hutto return as playoff teams. Manor and Elgin went a combined 22-40 last season. Waco went 9-16, University went 5-21 and Temple went 7-17. Hutto and Connolly should battle for the district championship.

The return of Jaylin Shead, 6-foot-7-inch Isaiah Jones and 6-foot-4-inch Aneas Jackson give the Cougars and coach Dean McMullen pieces to work with next season. McMullen didn't have a full offseason last season.

Ellis Patterson, rising sophomore girls soccer German Salvador Betancourt, rising sophomore boys soccer Laquinn Sorrells, rising junior football Marissa Padron, rising senior, softball

(girls) are two of the top coaches in Class 5A (formerly Class 4A). The girls team will have 12 players back from last season, including Emma Mele, who was the Midland field player of the Year in district and Co-Newcomer of the Year, Ellis Patterson. With Mele and Patterson back, the girls team can pick up where the 22-2-2 team from this spring left off.

## 1. Boys basketball

After a season the boys team just had, reaching the third round of the playoffs and making Beaumont Central sweat in the third quarter, the Cougars should be another contender for the playoffs next season. The return of Jaylin Shead, 6-foot-7-inch Isaiah Jones and 6-foot-4-inch Aneas Jackson give the Cougars and coach Dean McMullen pieces to work with next season. McMullen didn't have a full offseason last season.

The City of Pflugerville has filed an application to amend CCN No. 20678 with the Texas Commission on Environmental Quality to provide sewer utility service in Travis and Williamson counties.

The proposed utility service area is located approximately 12 miles east of downtown Pflugerville, Texas, and is **generally** bounded on the north by CR 138; on the east by Wells Lane; on the south by Gregg Lane; and on the west by IH35.

The total area being requested includes approximately 38,102 acres and 47,230 current customers. The proposed application affects customers and/or areas located in the following zip codes: 78660, 78653, 78621, 76514, 78634.

**See enclosed map of the proposed service area.**

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing.

If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to exclude the tract from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.

(City)                      State                      Zip)

The City of Pflugerville has filed an application to amend CCN No. 20678 with the Texas Commission on Environmental Quality to provide sewer utility service in Travis and Williamson counties.

The proposed utility service area is located approximately 12 miles east of downtown Pflugerville, Texas, and is **generally** bounded on the north by CR 138; on the east by Wells Lane; on the south by Gregg Lane; and on the west by IH35.

The total area being requested includes approximately 38,102 acres and 47,230 current customers. The proposed application affects customers and/or areas located in the following zip codes: 78660, 78653, 78621, 76514, 78634.

**See enclosed map of the proposed service area.**

A request for a public hearing must be in writing. You must state (1) your name, mailing address, and daytime telephone number; (2) the applicant's name, application number or another recognizable reference to this application; (3) the statement, "I/we request a public hearing"; (4) a brief description of how you or the persons you represent, would be adversely affected by the granting of the application for a CCN; and (5) your proposed adjustment to the application or CCN which would satisfy your concerns and cause you to withdraw your request for a hearing.

Persons who wish to intervene or comment should write the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

within thirty (30) days from the date of this publication or notice. A public hearing will be held only if a legally sufficient hearing request is received or if the Commission on its own motion requests a hearing. Only those individuals who submit a written hearing request or a written request to be notified if a hearing is set will receive notice if a hearing is scheduled.

If a public hearing is requested, the Executive Director will not issue the CCN and will forward the application to the State Office of Administrative Hearings (SOAH) for a hearing.

If no settlement is reached and an evidentiary hearing is held, the SOAH will submit a recommendation to the Commission for final decision. If an evidentiary hearing is held, it will be a legal proceeding similar to a civil trial in state district court.

If you are a landowner with a tract of land at least 25 acres or more, that is partially or wholly located within the proposed area, you may request to exclude the tract from the proposed area (or "opt out") by providing written notice to the Commission within (30) days from the date that notice was provided by the applicant. All request to opt out of the requested service area must include a scaled, general location map and a metes and bounds description of the tract of land.

Persons who meet the requirements to opt out, and wish to request this option should file the required documents with the:

Texas Commission on Environmental Quality  
Water Supply Division  
Utilities and Districts Section, MC-153  
P. O. Box 13087  
Austin, TX 78711-3087

A copy of the request to opt out of the proposed area must also be sent to the applicant. Staff may request additional information regarding your request.
