David will not be at the meeting and they will probable conference him in and want to call you as well. Wasn't sure if David had discussed with you about being available. If you are what is a good number for them to contact you around 7:15 or 7:30pm tonight? Thanks

Good Morning Mr. Ed

Thanks for everything you do, it has been a lot more than anybody has done for this company and I bet, there it will not be anybody even matching what you had done until now in the future, I am sorry If I ever said anything that offend you, from de deepest part of me I apologize for anything that I did wrong, and I like to know it so I don't do it any more, I never ever even think about doing that, I highly respect you and your family, and you know, I really learn to live around that big tough old man, I like you just the way you are, thank you for what you did in the past for me, and thank you for everything that you are still doing, don't kill yourself doing it, let me do the hard work, you earn my respect, and I see a lot of uncertain things happening with the Gillespies an dean but don't let that bother you, me and you don't have to pay for their doings.

I know sometimes we think different, but at the end if we work together I know the we can make the difference for this company and anything where we can work as a team.

Thank You "My Adopted Father" I am really proud of you!

Here is the copy of the new service request form, keep it in your files so you can make copies.

Subject: question about definition of residence
Date: Tuesday, February 4, 2014 12:01:58 PM

Hi Lara,

I spoke to you recently re enforcement of rules by our board of directors. Now another question has arisen.

I posed a question to Aimee Hess concerning the one meter-one residence rule. We have several members who have "mother-in-law" facilities-maybe a garage apartment or a trailer behind the house in which someone lives. To me that constitutes a separate residence. Most of my board dis-agrees. (Several of them have this situation). What is your opinion as to what constitutes a separate residence. Can a member use a trailer or separate small area as living quarters for someone without creating the need for an additional meter? Depending on location, there could also be sewer service involved.

Thank you in advance for your assistance.

Yours truly,

Ed Hettinger

Subject: Agenda & Minutes

Hi Fred,

We had our annual membership meeting and election of directors Thursday, April 10. Attached is the agenda for that meeting and minutes of last year's membership meeting and last month's director's meeting.

When this started a few months ago, either you or the lady that was working with you said this would only have to go on until our election. Do we have to continue send these to you after each meeting, or have we convinced TCEQ we are operating properly? Sending them is not really a problem, it's just something else to remember and do.

Thanks and have a good day.

Good Morning Fred,

Attached are the agenda/notice for the January 9th meeting and we have included the minutes for that meeting also, even though you didn't ask for them.

If you need anything further, please let me know.

Have a good day,

Ed Hettinger

David, there wasn't enough to have a quorum for the meeting tonight. Can you give me a call tonight before 9:00 pm or tomorrow morning, whichever is best for you. Thanks

Aimee, The board plans to go into closed session in the meeting tonight. We are making copies of your response letter for them to discuss. David will not be at the meeting and they will probable conference him in and want to call you as well. Wasn't sure if David had discussed with you about being available. If you are what is a good number for them to contact you around 7:15 or 7:30pm tonight? Thanks

Hello, So Sorry for the late reply. Yes, Thursday, Sept. 26 at 2:00 PM will be fine. Please have your backhoe at the office where the mixer will be delivered so it can be lifted out of the back of the truck.

Would it be possible to move the exchange to Thursday, Sept. 26 at 1:30-2:00 pm?
I would appreciate it if that is possible.
