Re: Application for Transfer of Portions of CCN Nos. 13087 & 20982  
in Kaufman County to Kaufman County MUD No. 14 dated July 9, 2014

Dear Sir or Madam:

As general counsel for Gastonia-Scurry Special Utility District, your notice to Current Customers, Neighboring Systems, Landowners and Cities dated July 9, 2014 has been forwarded to me for a response. Initially, given the very limited description of the affected area contained within the above described Application for Transfer, my clients are at somewhat of a loss to ascertain precisely what portion, if any, of their current CCN/Service Area is contained therein. Accordingly, my clients would, at this time, respectfully request a public hearing on this matter if, for no other reason, to determine what effect, if any, this request would have upon the District and its existing customers. This being the case, we would respectfully request that additional information be submitted to the District including, but not limited to, a formal legal description together with a detailed plat of the area in question so that the District and its Board of Directors can make an informed determination as to the extent the above application would have upon its customers together with what actions, if any, would be necessary for them to take.

Your prompt cooperation in this matter is greatly appreciated. If you have any questions, please feel free to contact us.

Yours very truly,

SHUMPERT LAW OFFICES

**Subject:** RE: Application Nos. 37888 and 37889/Kaufman Co. MUD Nos. 12 and 14

Hi Angela,

I apologize for not responding to you sooner. I talked to Fred earlier but I didn't follow up with him. Please consider this email as confirmation that notice is waived for the above referenced applications since the customers are already being billed by MUD 14.

Sincerely,

Lisa
